

network stream relay & proxy

General Price List (Q1/2018)

Gigapxy 1.x

Gigapxy 1.x is licensed per server (physical or virtual) based on the number of engines (**gng**) that would run concurrently on the licensed server.

License term	Servers covered	2 engines (gng)	+1 (each additional) engine
12 months	1	EUR 250	EUR 130
24 months	1	EUR 400	EUR 120
Perpetual	1	EUR 999	EUR 110
Perpetual	2	EUR 1500	EUR 100

Licenses include support and updates for the given major version. A license can be migrated to another server/VM once a year.

GigA+

GigA+ is licensed per server (physical or virtual) based on the number of engines (**gxng**) and the number of HLS channels that would run on the licensed server. Licenses include support and updates for the given major version.

The base price for GigA+ is for HTTP channels and the engines, in the same way as for Gigapxy.

License term	Servers covered	2 engines (gxng)	+1 (each additional) engine
12 months	1	EUR 250	EUR 130
24 months	1	EUR 400	EUR 120

For HLS channels, an additional fee is applied, per channel block and replication server.

License term	Servers covered	+50 HLS channels	+1 replication server
12 months	1	+EUR 75	+EUR 60
24 months	1	+EUR 130	+EUR 100

Migration from Gigapxy 1.x to GigA+

One can transfer a Gigapxy 1.x license to GigA+, with the same number of engines. In case of no additional engines required, only HLS channel blocks (and replication, if required) would need to be paid for.

RoWAN

RoWAN is licensed per server (physical or virtual), regardless of the number of streams it is handling.

License term	Servers covered	Unlimited number of streams
---------------------	------------------------	------------------------------------

12 months	1	EUR 220
24 months	1	EUR 360
